

# Achievement in Music Examinations (AIM)

## PIANO

### Illinois State Music Teacher Association Exam

#### What are the benefits of taking AIM examinations?

These exams enhance musicianship, develop performance confidence, and can make a significant difference in college application process. Universities give advantage to the students with extensive, relevant and successful track record in extracurricular activities.

AIM exams are demanding and require daily instrument practice and theory study. The goal is for students to have a positive experience, and feel rewarded for their dedication and diligent work. Students receive a certificate for successful completion of the theory and the performance exams.

#### Class Structure

Piano Levels 1a, 1b, 1c and 2 can be prepared in a group class. Due to the extensive and complex nature of higher level exams, piano levels 3 and higher are prepared in individual lessons only.

Individual lesson requirements per level: 2-4 = 30 min lesson; 5-8 = 45 min lesson; 9 and up = 1 hr lesson. Combining of levels: 2-3 = 30 min lesson; 3-6 = 45 min lesson; 6-9 = 1 hr lesson; no combining of levels 10, 11, and 12. There can be no combining of more than 2 levels in one academic year.

The rate for group AIM preparation classes is \$21 per class per student. Regular individual lesson rates apply for AIM preparation in individual lessons.
